We are now looking for a new

PRODUCTION MANAGER

to our plant in Pietarsaari, since our present manager is retiring by the end of the year. As Production Manager, your main tasks are collaboration with production and maintenance supervisors to ensure efficient and high quality production.

We offer the possibility to be involved in various production development and leadership activities and an opportunity to deepen your professional skills in an international environment.

The position is permanent and the location is Pietarsaari, Finland

Key tasks and Responsibilities:

- Lead the production process, aiming at good quality and high productivity
- Develop the processes to ensure structured and well documented maintenance work
- Run the health and safety issues
- Lead the continuous development and 5S activities
- Be the expert for technical development of our production equipment
- Manage the human resources within the area of responsibility

To succeed in this role we expect you to have:

- At least 5 years' experience from similar tasks
- Appropriate technical education and understanding of production finance.
- Thorough knowledge of extrusion coating and flexo-printing processes
- Analytical approach and a mindset of doing
- Experience of working with Lean methods is seen as an asset
- Good cooperation and team working skills
- Good communication skills in Finnish, Swedish and English. Other languages are seen as an advantage
